Madhan5253@gmail.com

- 4+ years of experience as Software Developer in software
  Design, analysis, development, testing and implementation of Desktop and Web applications using Microsoft Technologies.
- Hands on in application development using with VB and C# as code behind language and ADO.NET\Entity Framework as the Database data consumer.
- Developing Reports based on Crystal Reports for Visual studio.
- Experience in writing Database Objects using MS SQL Server 2008 and above
- Design UI using HTML, CSS and JavaScript frameworks, Bootstrap and Adobe Software
- Ability to learn new technologies quickly.

Experience:

- Junior Dot Net Developer at Sun info Technologies, Tirupur from Sep, 2015 to December, 2017.
- Dot Net Developer at InfoVision, Tirupur from Sep, 2017 to Feb 2018.
- Dot Net Developer at HelloWorld Technologies, Tirupur from Feb 2018 to May 2020

Technical Skills:

Programming Languages	: VB.Net ,C#
Front-End Technologies	: Angular(6 Months), Bootstrap, HTML,CSS,JavaScript,jquery
Web Technologies	: ASP.Net MVC, Web API
RDBMS	: MS-SQL Server
Others	: Crystal Reports, Adobe Creative Suite, GIT

Professional Experience:

Project - 1: *Garment Management System (GMS-Pro)*

Type: Web Based Application

Role: Dot Net Developer and UI Designer

Technical Environment: Visual Studio 2012, SQL Server 2008R2, Crystal Reports and COM Interoperability

Description:

- This system is mainly focused on Garment Industries

- Web Based Application for different level of garment and other related firms
- Provide COM Interoperability for automatic weight loading system and Finger Print Authentication for Payroll system.

Responsibilities:
- Involved in Requirement gathering and design document
- Developed Web Forms in ASP.NET using C# as the code-behind language and ADO.NET as the SQL data consumer
- Used ADO.NET objects such as Data Adapter, Data Reader, Dataset and DataTable for reading/updating records in the database.
- Involved in creation of Stored Procedures in MS SQL SERVER 2012
- Worked extensively with data bound controls like Grid view
- Develop various type of Report based on Customer Requirement to enrich the Application to next level.

Project - 2: *KnittingERP (KnitMan-Plus)*

Type: Windows Based Application

Role: Dot Net Developer

Technical Environment: Visual Studio 2012, SQL Server 2008R2, Crystal Reports and COM Interoperability

Description:
- The system is mainly designed for Knitting Industries and aimed to provide data to management for effective production and growth of the industry
- SMS Notifications for each inventory both inside/outside process
- Provide COM Interoperability for automatic weight loading system to enhance the inventory

Responsibilities:
- Involved in Requirement gathering and design document
- Developed Win-forms in VB.NET using VB as the code-behind language and Ado.net as the SQL data consumer
- Used ADO.NET objects such as Data Adapter, Data Reader, Dataset and DataTable for reading/updating records in the database.
- Involved in creation of Stored Procedures in MS SQL SERVER 2008R2
  - Worked extensively with data bound controls like Grid view

Project - 3: *ProcessERP (Fabrica-Plus)*

Type: Windows Based Application

Role: Dot Net Developer

Technical Environment: Visual Studio 2012, SQL Server 2008R2, Crystal Reports and COM Interoperability

Description:

- The system is mainly designed for Processing Industries and aimed to provide data to management for effective production and growth of the industry
- SMS Notifications for each inventory both inside/outside process
- Provide COM Interoperability for automatic weight loading system and Finger Print Authentication for machine access to enhance the inventory

Responsibilities:

- Involved in Requirement gathering and design document
- Developed Win-Forms in VB.NET using VB as the code-behind language and ADO.NET as the SQL data consumer
- Involved in creation of Stored Procedures in MS SQL SERVER 2012
- Worked extensively with data bound controls like Grid view

Project - 4: *Billing System and Customised Software*

Role: Dot Net Developer

Technical Environment: Visual Studio 2012, SQL Server 2008R2, Crystal Reports

Description: This project is based on the Billing system in Retail Shops and Customised software for various industries.

Key strengths:

- Strong Analytical problem determination/solving skills.
- Ability to work independently and within a Team.
- Willingness to learn new things.
- Self-Motivated and Goal oriented.
- Flexibility and Adaptable.

Academic Profile:

B.Tech in Information Technology from Maharaja Engineering College affiliated to Anna University, Chennai.

Personal Vitae:

Date of Birth	: 29th July 1993
Gender	: Male
Marital Status	: Single
Address	: 1/117,Arumutham palayam,
	Naranapuram (post),
	Palladam - 641664

Yours Truly
